POLICY

A former employee can be part of the PSI alumni network. Alumni are invited to the annual retreat (not paid for by PSI) and invited to PSI dinners at meetings and conferences.

Alums who have been in a Research Scientist, Senior Scientist or Education Specialist position, and who are eligible for rehire, may send a written request to the HR Manager to rejoin PSI. The written request must include an updated CV and current research statement. With the approval of the Director, an offer letter for appointment will be sent, unless it is determined by the Director that the formal application process should be used.
